

## General Discussion Questions on Personal Challenges

**How do the protagonist's personal challenges shape their identity throughout the story?**

**What role does resilience play in overcoming the personal challenges faced by characters?**

**How do external obstacles (society, family, culture) compound a character's internal struggles?**

**Can personal challenges in literature be seen as metaphors for larger societal issues?**

**What role does support from others (friends, mentors, family) play in helping characters navigate their personal challenges?**
