

## Essay Prompts on Colonialism

### **Representation of the Colonizer and Colonized**

Analyze how a specific literary work portrays the relationship between the colonizer and the colonized. How does the text challenge or reinforce colonial stereotypes?

### **Language and Power**

Explore how language functions as a tool of power in a colonial setting. Consider both the imposition of the colonizer's language and the resistance through indigenous languages.

### **Resistance and Nationalism**

Examine how literature depicts resistance against colonial rule. What strategies—overt or subtle—do characters or narrators use to challenge oppression?

### **Comparative Studies**

Compare how colonialism is represented in literature from the colonizer's perspective versus the colonized perspective.
